

WOLFEBORO PUBLIC LIBRARY LANDSCAPING

COMMITTEE MEETING

BRADLEY ROOM

6 PM Meeting

Tuesday, September 21, 2021

The meeting at 6:10 pm with Brian Laverriere presenting the results of the various meetings, discussions during the Design Charette, which lasted the entire day.

In attendance were Joyce Davis, Susan Poirier, John Sandeen, Cindy Scott, Linda Wilberton; library abutters Winree and Helen Irvine, Cheryl and Carey Lowe; landscape architects Brian Laverriere, Brian Kuchar, and Kellie Knight.

Presentation by Horsley Witten Group

Brian Laverriere greeted everyone and gave an overview of what was discussed and decided over the course of the day. Using PowerPoint and poster board he then showed a single plan which combed the most popular items from the three initial broad concepts. The latest plan included a lot of trees, an improved entrance ramp and driveway that will fix problems at the main entrance, and a mixed plan for perennials along the front of the property. A built-in seating area using town granite and paving stones were included as well as a location for the flag pole and existing benches. Examples of plantings were included by name and visually. They will work on developing and refining the concept in order to be ready to present the plan at the Community Meeting on September 30.

Upcoming Meeting

The Community Presentation is scheduled for Thursday, September 30. The plan is for it to be an evening meeting, though a time has not yet been set. This will be a virtual presentation by Horsley Witten.

Respectfully submitted,
Cindy Scott

Minutes are unapproved until voted on by the Landscaping Committee
