

Wolfeboro Public Library Board of Trustees
Building Committee Minutes - Draft
September 12, 2014

Attending: Joyce Davis, Prue Fitts, Mike Hodder, Cindy Scott, Candace Thayer

Stu Roberts, Architect, and Cindy have been conferring and tweaking floor plans and elevations for the proposed library renovation/addition. Cindy feels the plans coming along well enough that we are close to being able to submit them to the cost estimation firm. Stu has redesigned the parking lot. The basic structure is very flexible. There are currently 81 parking places.

Stu prepared 3 elevations.

- G-1 had a good clerestory
- G-2 could have a porch added
- G-1 and G-2 have snow issues
- H-1 brought in lots of light

Cindy will talk with Stu about incorporating the roof elements we liked into an "H-2".

Candy will invite Rob Houseman to the next meeting. His input on our planning process and exploring construction management would be very helpful.

The **next meeting** is September 26th at 10:00 am.

Respectfully submitted,

Candace Thayer
